## Stuart Principal To Present Program

Principal John Grace of Stuart High School and representatives of the SHS studentbody will present a program relating to the Couze Sportsmanship Cup, a Suncoast Conference award, during the assembly period at the Pahokee High School this Friday. The cup is awarded annually to the school in the conference showing the best all-round sportsmanship in conference athletic contests.

## Blue Devils Face Ft. Pierce Eagles

The game of top interest in the entire Suncoast Conference as well as the Glades area will be played on Lair Field Saturday night by the Pahokee Blue Devils and the Fort Pierce Eagles.

Coach Webb Pell's Blue Devils surprised the conference prophets by getting off to a fast start and defeating a strong Clewiston eleven, 14-7, in their opener then going on to rack up decisive victories over Pompano, 26-0, and Stuart, 37-12. The record of the Eagles is even more impressive. After going outside the conference to down Melbourne, 13-0, in their opener, the Eagles in the following two games soared over Stuart, 21-0, and Seacrest, 41-0, setting up such a rugged defense that their goal line has yet to be crossed this season.

Coach Hunk Slay's Eagles will have an advantage over the Blue Devils in depth of reserve strength as they practically have two lettermen for every position.

Coach Pell, who says his men are in good condition for this important game, plans to start Max Beverly, left end; Ronnie Berry, left tackle; Sam McKinstry, left guard; Homer Latham, center; Gene Pearce, right guard; Ronnie Hitchcock, right tackle; Chat Clark, right end; Buddy Parker, quarterback; Pat Turbevill, left half; Dick Weeks, right half; and Weldon Cardin, fullback.

With no other Glades teams in action and with both the Blue Devils and the Eagles bringing on Lair Field tough lines and explosive backfields a capacity crowd is expected to be present Saturday night to see the fireworks. The bands of the two schools are planning an impressive program of entertainment for the half time period.

## New Classrooms For Next Year

The Pahokee Elementary School addition including three new classrooms, now under construction by Don Hillier & Sons, Inc., contractor, is expected to be ready for occupancy by the first of the year, according to Principal Clyde A. Canipe.

When the addition is completed both sections of the first grade and one section of the second grade will be moved into the new classrooms. The rooms in the main building vacated by two of these groups will be occupied by the two sections of the fifth grade which now have to use space in the high school building and the third room will be used by the elementary school library.

The rooms in the high school building being used by the two sections of the fifth grade will also be put to immediate use as soon as they are vacated by the fifth graders. One will be used by the remedial reading class taught by Mrs. Evelyn Lair and the other by the driver education class taught by W. A. Slanier.

C. T. Santee is a patient at the VA hospital in Coral Gables where X-rays are being taken preparatory to dental surgery.

### Cinematic Chatter

By Malcolm Miller

Hello everybody! Accidents sometimes make movie stars. The "accident", for Robert Campbell, lay in the fact that he looks like his brother William, who actually wants to be a star. Robert himself wants to be a writer and has al-

ready sold his scripts for movies and television programs. The brothers appear together in "Cell 2455, Death Row," soon to be seen on local screens, based on the story written by Caryl Chessman in San Quentin, where for more than six years he used his self-taught legal knowledges to win stay after stay, twice within minutes of the gas chamber. In one of the most un-

usual situations ever to occur in Hollywood, William plays an adult hoodlum, gangster and gunman for the bulk of the drama, while Robert, who is twenty, plays the same role as a teen-ager. It is the first time in Hollywood history that two brothers portrayed the same role in the same picture. The producer hoped to find two brothers that looked alike, so the transition from the role of a juvenile delinquent to adult convict would not be too noticeable. But after William Campbell had been signed, McDonald gave up the idea; he was satisfied with Campbell's perfect test, and was about to look for a juven-

ile actor to play the teen-age role. And then William, casually mentioned, during a rehearsal, that his young brother helped him study his lines. "Does he look like you?" he was asked. "Yes," he said, "Exactly!" Robert was tested and signed. . . . Thus a contract was won by accident! Yes, it happens, even in Hollywood. See you at the movies—Mal.

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid  
your interest as current income—

## "Death Trap" Set Up By Road Department

Charges that the State Road Department has made a "death trap" crossing out of a Canal Point intersection, were leveled Monday by County Commissioner Paul Rardin. Rardin previously had asked the road department to install a traffic light at the intersection of Conners Highway and U. S. 441, as a safety measure to protect school children.

Monday Rardin reported to the county commission that the light had been installed—but in such a way "that it thoroughly and completely defeats the purpose of what we had in mind—and I hope the State Road Department is satisfied."

The present installation, he said makes it nearly impossible for school children to use the crossing. The board agreed to take steps to have the State Road Department change the light.

The board also approved installation of a flashing beacon at the intersection of Forest Hills Blvd. and Military Trail.

At the request of Commissioner Roy Michael, Lake Worth, the board voted to have the State Road Department survey the intersection of Lake Worth Road and Congress Ave., with the idea of installing a stop light at that crossing. Michael said traffic has become increasingly heavy at the intersection since a number of business houses have been built in the area.

Hutton, Mrs. Lloyd Hundley and Mrs. Loren O'Neal on a special committee to have charge of the purchase and installation of the boards.

The group also voted to bring money instead of exchanging gifts at the annual Christmas parties of the five circles, this money to be turned over to the nursery and kindergarten departments for the purchase of toys.

Mrs. Duncan Padgett, spiritual life chairman, announced a WSCS week of prayer will be observed in a special service at the church 3:30 p. m., Monday, Oct. 24, this being the only observance program because of the series of evangelistic services to be conducted by Dr. Clare M. Cotton, superintendent of the West Palm Beach District of Methodist Churches, through the week of Oct. 23. Mrs. Padgett also announced the WSCS library is being activated with the distribution of devotional books among members.

The Miriam Circle was appointed by Mrs. Friend to have charge of the placing of flowers in the church during November and the Gertrude Shirley Circle to have charge of the program and refreshments at the general WSCS meeting the same month. Each of these circles reported four new members joining its group the past month. It was announced the five circles will meet Oct. 17: the Gertrude Shirley Circle, with Mrs. W. O. ## Shades of Tom Sawyer!

Hack Willis had just stopped the tractor so's he could cool off at the pump, when a young insurance salesman came up the drive.

Hack was tired of plowing, and needed insurance on his new barn. But he also needed to get that winter rye in fast. The salesman, an eager kid, noticed hesitation. "I come from a farm," he said. "Why don't you look at these booklets—get all the dope—and I'll take that plow a couple of rounds for you."

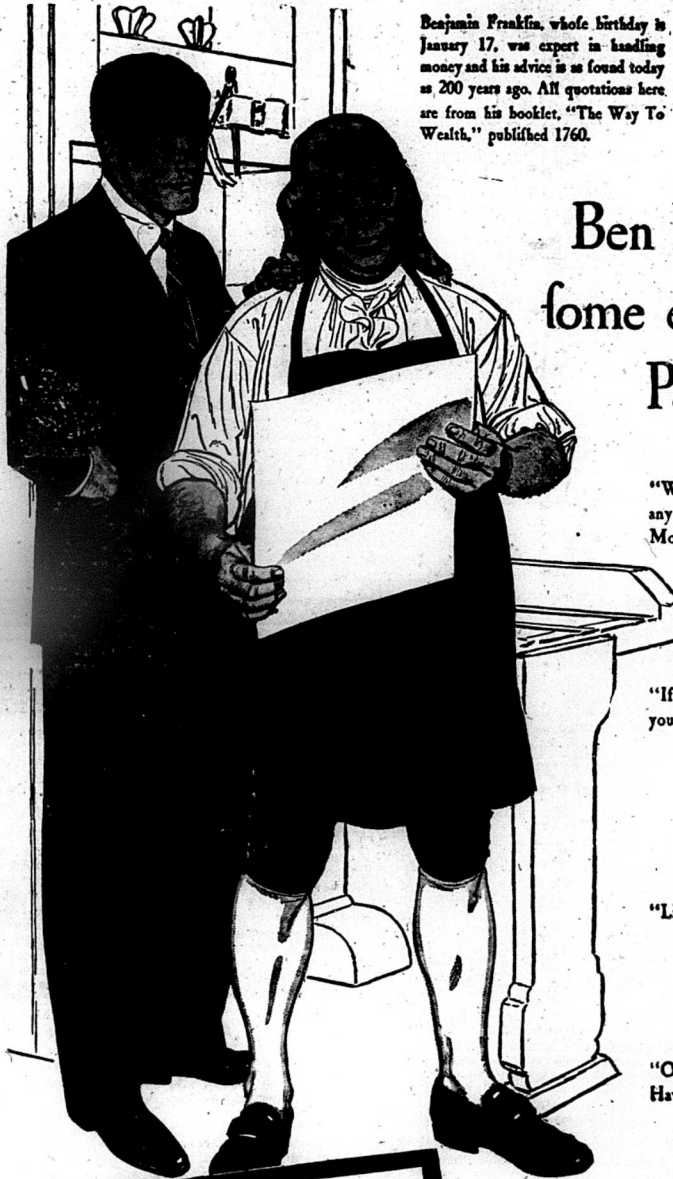

Young fellow laid off a pretty straight furrow, too. It was almost dark before Hack—sitting

in the shade—was able to decide just what kind of policy to get.

From where I sit, to be a good salesman—or a good citizen—il always helps to "put yourself in the other man's place." He may have a different sort of job with different problems... he may prefer to close a deal over, say, a friendly glass of beer while you might prefer something else. But both of you can co-operate if you make it a "policy" to try.

## Christian Science Group Of Canal Point

How spiritual understanding of divine law brings freedom from discord of every kind will be explained at Christian Science services Sunday.

Keynoting the Lesson-Sermon "Are Sin, Disease, and Death Real?" is the Golden Text from Romans (8:2): "The law of the Spirit of life in Christ Jesus hath made me free from the law of sin and death."

The importance of coping with sin is emphasized in selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy including the following (315:16): "The likeness of God we lose sight of through sin, which clouds the spiritual sense of Truth; and we realize this likeness only when we subdue sin and prove man's heritage, the liberty of the sons of God."

Readings from the Old and New Testaments of the Bible will include Christ Jesus' parable of the prodigal son (Luke 15).

## Resolution Lauds New Circuit Judge

Appointment of Russell O. Morrow, Lake Worth, as circuit court judge, this week won commendation from the County Commission.

The board adopted a resolution Monday, calling attention to Morrow's long career in public service "devoting his time and talents to the people of Palm Beach County as a state senator and other offices of trust."

The resolution termed Morrow's appointment as "well merited and deserved."

Morrow resigned last week as state senator and was named to the judgeship by Governor LeRoy Collins. The vacancy on the court bench was opened through an increase in the county's population.

Commissioner Paul Rardin who offered the resolution for introduction, recalled that he had served in the legislature with Judge Morrow and "learned to honor and respect his opinions."

Rardin predicted a "long, successful and honored career" for Judge Morrow.

**Make your dream house come true! It's easy  
—through Payroll Savings!**

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving *automatically*—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U. S. Series E Savings Bonds. Because Savings Bonds earn solid interest—3% cumulative semiannually when held to maturity

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,348.95 cash. In 9 years, 8 months, you'll have \$7,217.20!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

Members of the Pahokee Memorial American Legion Post 90 and the American Legion Auxiliary held a joint social meeting and potluck supper in the Legion Hall Monday night when plans were made to welcome visiting Legionnaires enroute to the National American Legion Convention in Miami next week.

At the business sessions with Commander E. A. ## Boy Scouts Have New Scout Home

Pahokee Boy Scout Troop 28 plans to move this week into the new Scout Home next to the swimming pool in the City Park which was built by the City of Pahokee in cooperation with local Boy Scouts. Regular weekly meetings are being held by the troop on Thursday nights through the football season, Friday night meetings to be resumed at the end of the season.

Troop 28, working under the leadership of Scoutmaster Louis Mims and Neighborhood Commissioner Ed Carver, is making preparations to participate in the Glades District Court of Honor to be held in Clewiston later this month.

Last weekend 16 members of the troop, accompanied by Mims and Carver, traveled in the troop bus on an overnight camping trip to Fish-eating Creek where swimming and fishing were enjoyed and some advancement work on outdoor scouting skills was done. The scouts conducted a council campfire ceremony Saturday night and held a worship service in the woods Sunday morning.

Recently Troop 28, again accompanied by Mims and Carver, traveled as a group to Pompano to see the Pompano-Pahokee High football game and upon invitation by the Pompano Boy Scout Troop 130, participated in the flag-raising ceremony that preceded the game.

Troop members publicly express their regret at the loss of their advancement committee member, Robert McIntosh, who is moving with his wife this month to Apopka. Mr. McIntosh assisted in the reactivation of Troop 28 last year and has been very active in promoting scouting in this area during his residence here.

This is Jensen's third attempt to obtain city mail delivery for Pahokee. An attempt in 1941 failed because such service was being curtailed by war and the residential area was not compact enough and another attempt in 1951 was not approved because not enough residents showed interest in such a service. Jensen expressed hope the present application will be approved by the Postoffice Department. At the present time the Pahokee Chamber of Commerce is balloting its members to get their reaction on the proposed carrier service and this information will be turned over to Jensen.

Members of the Pahokee Business and Professional Woman's Club, who are observing National Business Women's Week, Sept. 28 — Oct. 1, were luncheon guests. President B. A. Belcher introduced Betty Pickett, president of the Pahokee B&PWC, who in turn introduced the 15 members of her club present.
